AS-9100 Water Tank Sealant

ALSEAL Water Tank Sealant is an extruded, ever-tacky, waterproof, high performance butyl sealant. It is non-toxic and safe for use in contact with drinking water.

Applications:

Specially formulated for permanently sealing flange joints of sectional water tanks.

Instructions:

Ensure the surface is clean, dry, dust free and oil free. Peel off the release paper and press the sealant strip firmly onto the target surface to ensure good contact before fastening it with a bracket to achieve a permanent, water-tight seal.

Available colour: Black and white

Features:

- ✓ Waterproof
- ✓ Safe for drinking water
